The special Bot is Lost! Combo Pack includes both books in the Bot! series. That means 98 fully illustrated pages using today's cutting edge computer graphics and animation software! And purchasing the combo pack saves you \$1 versus buying books 1 and 2 separately!

### Book #1

Bot is a young robot who has crash landed on a strange planet, a planet much like Earth. It is a world inhabited by motorized vehicles with personalities as diverse as their vehicle type: steam trains, 18-wheelers, construction trucks, tractors, school buses, garbage trucks, some silly, some cantankerous—but all are fun!

Bot can fix anything with Tool Bot, a peppy and friendly pet-like flying android. Why is he called Tool Bot? Out of his main compartment springs a change-o mechanism which transforms into a limitless possibility of tools. Trucks, trains, and buses do break down after all.

Together Bot and Tool Bot have many adventures and misadventures on their new planet.

### Book #2: Tool Bot Saves the Day!

In this episode Bot and Tool Bot help a boy dragster who has gotten himself into trouble while speeding on a large bridge. Hanging over the side of this bridge dragster junior yells for help—but how long can his grip hold?
