Having powers can be cool, but not when you panic, explode, and accidentally kill people. Jade hid her powers until she exposed herself saving her mutant brother. It had to be done, but it had life-altering ramifications, as she was forced to join CAMO Academy, a school for people like her, people who had been chemically altered during the war that wiped out most of the world; but the school wasn't what it appeared, and Jade found herself having to rely on her troupe and trainer, Jaxon, to stay alive. Jaxon must teach her to control her power as they uncover the secrets of the school, or death awaits them all.
