#### About this ebook

This ebook is the spin-off ebook from our major travel guide ebook "Japan Travel Guide 2020" and distributed for free for the below purposes:

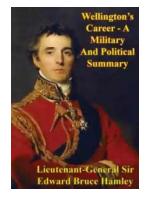

- 1) To enhance the communication experience during Japan travel which international travelers find the most difficult problem in Japan
- 2) To get you to know our primary product, "Japan Travel Guide 2020" through s of it

Why this conversation tool is created?

One of the biggest issues for international travelers in Japan is the language barrier because English availability is still limited to major places such as public transportation and sightseeing places, and not many Japanese people can talk in English yet.

However, the Japanese language is too complicated to learn in a short period, so we started to create this conversation tool, that you can just point images on this ebook or pronounce as instructed, or you can even ask Japanese people to point images to get their answers.

This is just the beginning - we will add and update contents continuously and updated one is re-downloadable, deleting the old one.
