'Brilliant' THE TIMES

'Moving' THE GUARDIAN

His truth. His story. In his words.

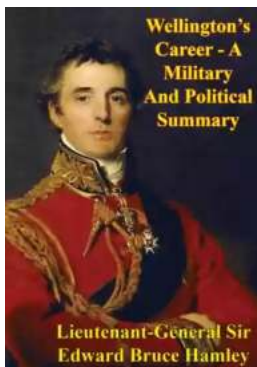

There have been many comments made and books written about Siya Kolisi, captain of the Springboks, and the first black man to lead his country in over 128 years of South African rugby.

But now, for the very first time, Siya Kolisi shares his story in an extraordinarily intimate memoir, charting his journey from being born into the impoverished Zwide township, to leading his proud nation to an astonishing victory at the Rugby World Cup in 2019.

However, Rise is not simply a chronology of matches played and games won; it is an exploration of a man's race and his faith, a masterclass in attaining a positive mindset, and an inspirational reminder that it is possible to defy the odds, no matter how they are stacked against you.

In 2020, partly in response to the pandemic, Siya and his wife, Rachel, launched The Kolisi Foundation, providing personal protective equipment to healthcare workers and delivering food parcels throughout South Africa.

The title Rise is inspired by Siya's mother – Phakama – which translates to the book's name, as well as a celebration of his Xhosa heritage.
