**Six friends dove into the water that night.**

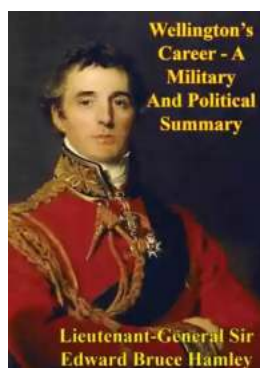

**But only five came out alive.**

**Was the death of a US Senator's daughter on a night dive off the coast of Mexico just a tragic accident—or was it something far more sinister? That's what former FBI Agent Gavin Larson has been sent to find out.**

The Mexican Federales in charge of the case have ordered all the suspects to remain onboard their luxury yacht while the investigation proceeds. But when a

body turns up, Gavin finds himself stuck on the boat as well. With an unknown killer lurking just around the corner and a Category Five hurricane bearing down on all of them, threatening at any moment to send the tiny yacht and its nine inhabitants to the very bottom of the deep blue sea.

A frolicking modern twist on the classic Agatha Christie's Murder on the Orient Express, The Scuba Club meets up with a band of former high school football stars, now deep in their tenth annual celebration of their greatest lifetime achievement, a Texas state championship in their senior years. This time they've brought their wives and girlfriends to tiny Cozumel Island, and with a major tropical storm building have decided to risk one last dive, a night dive in unusually strong currents with a sketchy dive master taking the lead. What could possibly go wrong?
