Crochet washcloths are a joy to make. They are small so you can comfortably make them at any time of year, even when it's too hot to crochet much else. They use much less yarn than many projects, such as blankets, which offers a great opportunity to try new yarns and to use up scraps.

Crochet washcloths can be super simple since they are easily made in basic crochet stitches and don't require any shaping. They can also be more complex if you're seeking to try new stitches and crochet techniques in a project. Since they work up quickly, crochet washcloths are a great instant gratification or last-minute-gift crochet project.
