Dog Tales: the Solution, a book charged with humor, suspense and richly fueled by imagination, tells the life stories of Joy Avery and friends as seen through the hearts and eyes of humans and dogs.

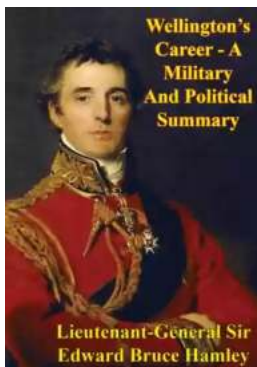

Along with an entourage of humans, some of the characters you'll meet are Patches, a Beagle-Fox-terrorist mix whose purpose in life is to keep Joy single. Buddy the 'Hyper'chondriac, is an Aussie mix with a successful landscape business despite his afflictions of Veggiehackaritis and Trekobeam-aralias Disorder. And watch out for the brainy bad girl Dolce, but not because she's a Rottweiler.

This endearing book will take you on a journey down life's highway as you remember high school, true love, sending your kids to camp, home improvement disasters, the dynamics between men and women and the adorable mystery mutt that has taken over your life. Woven through forty years of some of my most

memorable tales is a hidden story line of how the animals plan to change the world. Their victorious solution will make you stand up and cheer!

Plump your pillows, stretch out in your favorite chair, pour a cup of hot cocoa and settle in for a great read. This book celebrates life in all its peculiarities. Are you ready to have some fun?
